Hi Amy/Paul,

Thanks for the comments. Please incorporate into your comments the associated section numbers for the specific comments (see below) as per previous reviews.

I will continue to view the comments as submitted. Also, please let me know what time you may be available Monday to discuss comments on the SAP and QAPP. Focus of call will include the VOC data confirmation, and number of samples identified for dioxin and PCB congeners analyses. In addition, a quick update on the status of the laboratories to receive split samples.

Thanks,
